World's Biggest Avalanche

The Vision:

The Lord and I were high in the sky looking over snow covered mountains. A few clouds and the white snow radiated a brightness, silence and stillness that was peaceful. The Lord said, “things are about to change” and at that moment He said one word in a commanding voice, “Rosh.” At that precise moment a slight rumbling began which quickly escalated in deafening intensity. The snow began to break apart and rapidly plunge downwards as an avalanche. The vision ended.

There are many things that can trigger an avalanche; heavy snowfall, steep slopes, wind direction, movements or vibrations produced by people, machines or explosives. When the Lord spoke the word “Rosh”, I sensed the seismic waves of an earthquake caused the mountains to vibrate and the subsequent avalanche. What follows is the prophetic interpretation of the vision and a concluding word about images in visions.

Prophetic Word:

Nonverbally, as has been for many years, the Lord said, “I have come down and witnessed the carnage and mayhem that has been inflicted on My people and My nation. The Prince of Darkness seeks to destroy the foundation and boundaries that I have established for the Eagle. Their wicked schemes and demonic forces will fail as the Prince of this world has been Judged and found wanting. The time that darkness will cover the earth has not yet come as I set the time and seasons. Correction and judgment of My raging storm will continue and

then I will pour out My Spirit on mankind. On September 28th, of your calendar, I will command My Heavenly Host who are disbursed throughout the land to further expose the reprobates that have followed their master in deception, corruption, murder and abominations of worshipping of idols. Their false power will fail and their silver and gold will be as useless as the dust of the wilderness. I will lift the evil spirit of deception and open the blind eyes of all that are under the delusion of the deceiver – the father of lies

My 'Appointed One' has not accomplished all that I have preordained. Many hoped for a "saint", but I chose a broken vessel with flaws and fury. An outsider not bound by traditional ways or beliefs – an unorthodox sentinel that stands bold in confronting the evil of the land. My hand will be with him to protect my Ecclesia and nation for this appointed season. At My Word, "Rosh", the Shofar will blast and the "landslide" will begin.

The Alpha and Omega, I set the foundations, boundaries and establish the times and seasons. The heart of the people will turn against those intent on altering and destroying, dividing and pitting one against another, stealing and hoarding wealth, renouncing the family structure that I ordained, and profaning My Word and Name. Millions who remain faithful, honor My Word and cherish My name have been offended and will silently show their disapproval. By My Spirit, I will move multitudes to protect the "faith" and My Word.

My 'Appointed One' will win in a landslide and I will give the Senate and House in his hands to accomplish My will for this span of grace. With correction and judgement, it is time to 'repair the breach' of my shepherds and sheep that I may lighten their eyes and give a measure of reviving in their bondage in this wicked generation. My children must be prepared as the wise five virgins. Though many will mock, speak this word for, I AM coming soon."

The prophetic word ended.

Holy Spirit often refers to Americas as an eagle. When the Lord commanded the word "Rosh" I did not know what it meant. He knows all of our thoughts and often will explain a word or scene that I do not understand, at other times He encourages me to seek or study things that are not explained. "Rosh" was one of those – in researching, I found the phonetic spelling is Roshe. A root word,

it may have several connotations as is customary in other languages. It can mean (head) as chief or leader, (Head) as in serpents, sea monsters or sacrificial animals, (top) as in a summit or mountain, etc. I found the meaning for summit or mountain top interesting as well as it being used as a chief leader and then serpent – all three relevant to the vision. Only the Lord can speak one word that has multiple connotations in the vision.

Visions:

The Lord has a sense of humor and displays the emotions we witness in scripture; “He will sing and ‘rejoice’ over you with shouts of joy.” The Hebrew word, ‘rejoice,’ means to “spin around under violent emotion.” The phrase “rejoice over you” literally means to “dance, skip, leap, and spin in joy.” So, the latter part of this verse is more accurately translated, “He will dance over you with singing.”(Zephaniah 3:17). Others, “In that day the Lord will whistle for the fly that is at the end of the streams of Egypt...” (Isaiah 7:18), “He who sits in the heavens laughs; the Lord holds them in derision.” (Psalm 2:4), “...for I the Lord your God am a jealous God.” (Exodus 20:5), “The boastful shall not stand before your eyes; you hate all evildoers.” (Psalm 5:5), ““Why have they provoked me to anger with their carved images and with their foreign idols?”(Jeremiah 8:19), “How often they rebelled against him in the wilderness and grieved him in the desert.” (Psalm 78:40), and, “Jesus wept.” (John 11:35), “And when he drew near and saw the city, he wept over it...” (Luke 19:41) and in the Garden of Gethsemane.

For decades the Lord has shown me people, circumstances or future events as a clip from a movie, an animal, something in nature, an object and many other personal things that I understand and quickly grasp. Some are normal but others unconventional. Besides His sense of humor I believe He does it to show me, ““For my thoughts are not your thoughts, neither are your ways my ways.” (Isaiah 55:8)

Examples; a meat grinder (you go in one way but come out in another form). Still the same person (meat) but different after the grinder. An old washing machine with a crank roller (washed and cleaned then pressed through the roller). A cleansing and refining process. Once He showed me the purple female dragon from Shrek for a well known Apostle – I thought it odd and did not understand until He gave me the explanation. A fierce fire breathing “dragon that fell in love with donkey. Turns out the fierce dragon was female and had a tender and compassionate heart that loved children. The Apostle was the same, fierce and fire breathing (prophetic) but tender and compassionate of heart. I could provide example after example but hopefully you get the point.

And for this vision, rather than show me a predictable “landslide” – rocks, boulders and mud – He showed me an avalanche and then explains what it represented as well as the prophetic. Selah
